

# Identifying Form, Direction and Strength

Can you identify the Form, Direction, & Strength of these displays? **Note:** If the form is non-linear, there is no direction!

A

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None

B

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None

C

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None

D

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None

E

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None

F

**Form :** Linear      Non-Linear      None  
**Direction :** Positive      Negative      None  
**Strength :** Strong      Weak      None
