

The Shape of the Animals Dataset

Describe two of the histograms you made from your dataset.

1) I made a histogram, showing the distribution of _____ pounds _____ for _____ animals from the shelter _____ .
column in your dataset
your subset, e.g., "fixed dogs from the shelter"

2) I made a histogram, showing the distribution of _____ for _____ .
column in your dataset
your subset, e.g., "fixed dogs from the shelter"

3) What do you Notice and Wonder about these histograms? What shape do they have?

What do you NOTICE?	What do you WONDER?
