

# Notice and Wonder

Try typing numbers into the Interactions Area, hitting "Enter", and see what you get back! Some ideas:

1. What is the largest number you can enter? The smallest?
2. Can you write decimals? Fractions?
3. After you get back a decimal, try clicking on it. What happens?
4. Can you write negative numbers? Negative fractions?
5. What else can you try?

What do you Notice?	What do you Wonder?
<div></div> <div><div><div>(sample response) I notice that...</div><div>- fractions are turned into decimals</div><div>- if you click on a decimal, you get the fraction back</div><div>- decimals are written with a zero before the decimal point</div><div>- repeating decimals are barred rather than rounded</div><div>- I got tired of making my numbers bigger before the computer did</div><div>- negative numbers work</div></div></div>
