What's Wrong with these Recipes? 1

Directions: All students are given five (5) pencils at the beginning of the school year. Write a function called calc-pencils that takes in the number of students in the school and calculates the number of pencils needed for that school.

Contract and Purpose State	ment							
Every contract has three parts								
# calc-pencils::			Number			->	Number	
function name			domain				range	
# Takes a number of student	s and gives the	numbe	r of pen	cils				=
		what o	does the function	on do?				
Examples								
Write some examples, then circle and l	abel what changes							
examples:								
calc-pencils (100) is	100 *	5				_
function name	input(s)				what the function produces	s		
calc-pencils (40) is	40 *	6				_
function name end	input(s)				what the function produces	s		
Definition	. "	Ţ						
Write the definition, giving variable nat								
<pre>fun calculate-pencils(</pre>	p variable(s)	_):						
	variable(s)							
p * 5	wh	nat the function	n does with tho	se variable(s)				
end	wn	iai ine junction	i uoes wiin ino	se variable(s)				
Directions : It is customary to the new total including tip.	ip 20% on a bill a	it a restai	urant. Wı	rite a func	tion that takes the tot	al cost	of the food and	returns
Contract and Purpose State	ment							
Every contract has three parts								
# check-total::		Number				->	Number	
function name			domain				range	
# Returns the total of a chee	ck with 20% of							_
		what o	does the function	on do?				
Examples								
Write some examples, then circle and l	abel what changes							
examples:								
total (20	_) is	20 ((0.2 x	20) + 20)			_
function name	input(s)				what the function produces			
total (56.67) is	56.67	((0.2	x 56.67) + 56.	67)		_
function name end	input(s)				what the function produces	s		
Definition								
Write the definition, giving variable na		values						
	od-total):							
function name	variable(s)							
(0.2 + food-total)	* food-total		n door with the	ea variable(s)				
	wn	ы те јипсиот	n does with tho	se variable(s)				

end
